New Renault CLIO

Even more **irresistible**

You'll fall under the irresistible charm of our New Renault Clio. Its sensuous curves make it stand out from the crowd. Its new grille and lighting signature mesmerises with a front end panel that is more rewarding than ever. No other car in its category has as much personality. With the Clio, each day is more intense than the last.

Everyday fascination

Intriguing and seductive, the updated Renault Clio flaunts its modern and distinctive style. The new Pure Vision LED headlights*, are instantly recognisable. From the side, its 16" black diamond-cut Pulsizer wheel rims* underline its dynamic silhouette. With the Clio, every detail counts.

*Dynamique model only

Powered by Formula 1®

The Renault Clio is available in 2 petrol Turbo engine derivatives. Based on the combination of innovative technologies, some of which are the direct result of Formula 1®, the Renault Clio ENERGY engines are a tour de force: optimise driving pleasure while controlling consumption levels and CO₂ emissions.

66kW Turbo engine

The new 66kW Turbo engine is an 898 cm³, three-cylinder turbo engine that delivers 66kW without flinching! The engine allows sharp acceleration from low speeds (90% available torque at 1,650 rpm), avoiding excessively frequent gear changes and ensuring pleasant city driving. It consumes from only 5.5 L/100 km and its emissions are limited to 126g/km of CO₂.

88kW Turbo engine with EDC auto box

The new 1.2l, four-cylinder, 88kW Turbo engine combines power and controlled fuel consumption from only 5.2 L/100 km and 120g/km of CO₂. Responsive, lively and agile, it is both powerful and quiet. Its 88kW delivers torque of 190Nm at 2,000 rpm. For even greater driving pleasure, it is connected to Renault's 6-speed dual-clutch EDC automatic gearbox.

Interior seduction

The passion continues on board the Renault Clio. Crafted door panels, refined upholstery and a leather steering wheel* add to the atmosphere of the new cabin. All of the technologies contained on the multimedia system screen are accessible with a simple gesture and voice control. The generosity of the Renault Clio is unique in its category: 4 Airbags, ABS multimedia, hands-free card*, Hill Start Assist, ECO mode, Cruise control with speed limiter, Climate control** with combined pollen/activated carbon filter and toxicity sensor. Renault Bass Reflex® - A sophisticated sound system for optimum bass reproduction.

*Model dependent **Available as optional extras.

Always Connected

What could be more exciting than having the future at your fingertips? With the Renault MediaNav®* touchscreen multimedia tablet, you can explore a range of functionalities with ease: Integrated navigation, multimedia, radio and telephone system with Bluetooth® connectivity.

The R&Go® system is now available on the Clio Authentique. A simple yet ingenious system that instantly connects the vehicle with its user's smartphone. With your smartphone placed in the universal cradle. You can easily and intuitively access the car's most frequently employed functions which have been separated into four different areas: Navigation, Phone, Multimedia and Vehicle.
